

UNIVERSITY OF TORONTO  
DALLA LANA SCHOOL OF PUBLIC HEALTH

June 3, 2011

Dear incoming student:

On behalf of the faculty and staff in the Occupational and Environmental Health (OEH) Division of the Dalla Lana School of Public Health, it is our pleasure to extend a warm welcome to you.

In 2009, we celebrated 30 years of graduate education in Occupational and Environmental Health at the University of Toronto. We have a long and proud history in education and research into the prevention of disease and injuries arising in the workplace and environment. Much of this history centers on the students. To welcome you, I would like to point out two events we have planned in September:

1. **OEH Program Orientation Session:** Monday, August 29 from 3:30pm to 5pm in Room 100A of the Gage Building located at 223 College Street. Here you will have the opportunity to meet the faculty and your fellow students, learn more about the program and have question answered.
2. **Welcome Barbeque:** Second year students and the faculty will be hosting a BBQ. The time and location will be announced in early September.

This year we are welcoming students into both the research and professional option of the program. We are a small group in both student and faculty size, so you will come to know your classmates and faculty and staff very quickly. Like students before you, you will, no doubt, form lasting friendships. We're here to help make it as enjoyable, rewarding and productive an experience as possible.

Please do not hesitate to get in touch with us, if you have questions or concerns.

Sincerely,

Lissa Ceolin MHSoc.  
MPH Program Director, Division of Occupational and Environmental Health  
Tel: 416-978-6239 lissa.ceolin@utoronto.ca

P. Bozek M.Eng., MBA CIH, ROH - p.bozek@utoronto.ca  
Assistant Professor, Division of Occupational and Environmental Health  
Tel. 416-978-6236 p.bozek@utoronto.ca
