

Dear Applicants:

To prevent confusion, please review our degree programs and fields and follow these steps carefully on the program selection page of the on-line application. If you select incorrectly, you will need to create a new application and pay another application fee.

**A) MPH, MSc & PhD applicants (MOST APPLICANTS)**

1) Graduate unit: Select ***Department of Public Health Sciences***

2) Program: Select ***Public Health Sciences***

The screenshot shows a 'Program Selection' form with three dropdown menus. The first is 'Graduate Unit\*' with 'Department of Public Health Sciences' selected. The second is 'Program\*' with 'Public Health Sciences' selected. The third is 'Degree Program\*' with a dropdown menu open showing options: 'Select...', 'Non-Degree/Special Student', 'Community Health', and 'Public Health Sciences' (which is highlighted in blue). At the bottom right of the form are buttons for '[ Previous Step ]' and '[ Continue ]'.

3) Degree Program: It is important that you select ONE of the following options ONLY

***Master of Public Health***

***MSC – Public Health Science***

***PHD (flex time) – Public Health Science***

***PHD – Public Health Science***

\*note: the MHSC-Public Health Science is no longer offered

The screenshot shows the same 'Program Selection' form as above. The 'Degree Program\*' dropdown menu is open, showing options: 'Select...', 'Select...', 'Master of Public Health' (highlighted in blue), 'MHSC-Public Health Science', 'MSC-Public Health Science', 'PHD (flex time) - Public Health Science', and 'PHD-Public Health Science'.

4) Attendance Type: Select – Full Time or Part Time
